Station Manager

Smith College Radio Station

Northampton, Massachusetts

Dear Station Manager:

I am interested in furthering women's productions at WVBR, our Cornell radio station, and believe we could be mutually benefited by an interchange of ideas between your station and the women's division of WVBR.

We are interested in producing programs of particular interest to women which might include fashion tips and news, vocational opportunities for women, interviews with successful career women, homemaking ideas, etc. Do you have any programs on this order at Smith? I would appreciate any ideas or help you could give me, and would be very happy to answer any questions you have about WVBR.

Thank you very much.

Very truly yours,

*Lynn Rosenthal*
